

WATER TURN ON AGREEMENT

Welcome to the City of Niceville Water and Sewer System. We appreciate your business and pledge to do our best to deliver exceptional customer service and satisfaction. Please be advised that **the City of Niceville will not be responsible** for any damages occurring as a result of our turning on the water at your premises. The City of Niceville clearly rejects any responsibility and/or obligation to determine the condition of the water system on the owner and/or tenant's side of the meter. We recommend that someone be at the property when the water is turned on. Open faucets and/or damaged fixtures, water pipes, drains and other factors can cause water damage to the premises once service is turned on. **I, the undersigned** expressly assume responsibility and all liability for any damage to the premises and to any damage to the property of others. **I, the undersigned** will indemnify and hold harmless the City of Niceville for any resulting damage to the owner and/or tenant's premises and the real and personal property of others.
