Old Business:

Status of Tutoring Project - Update

Councilman Nodjomian stated that in his opinion it would be best to put this project on hold for now especially with all the testing and the busy schedules in the days ahead with school ending which is a month away. He recommended the youth council revisit this after the summer vacation is over and back to school until the fall time-frame when everyone is finished

Status of Spring Cleanup Project - Update

Everyone was still in agreement to hold the event on Saturday, May 9, 2015. All participants would meet in the parking lot at the City Hall Complex being prepared to begin at 9:30AM and if all goes well the team should complete the project at 12:00 Noon!

The event would be followed by a "burger burn". Jason Nodjomian recommended we wait until the participants show up to determine what we need to purchase in the way of food or drinks. Discussion followed.

Discussion centered around the number of participants that the membership could possibly come up with to support the event. The membership felt that at least 30-35 participants will support the project. Discussion followed.

Mr Doucet stated that Public Works will provide 2 people with a small Kabota Tractor to follow the group and pick up the bags vs waiting until Monday to collect them. It will be the same routine as our last cleanup project.

Mr Doucet stated we have the vests that were stored since the last project. He will arrange for the plastic bags, gloves and the grill will be made available as well.

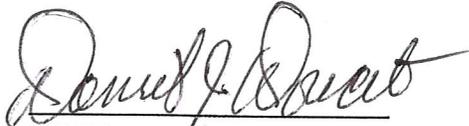

The membership discussed several items from a prepared list to insure that the overall

operation would be a success. Everyone seemed very eager and looking forward to the event.

There being no further discussion the meeting adjourned at 5:30 PM.
