About the book: Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for lives of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love.

Author: Her first novel, *The Secret Life of Bees* (Viking, 2002) set in the American civil rights movement of 1964, was written over three and a half years. It has been produced on stage in New York by The American Place Theater and been adapted into a movie by Fox Searchlight, starring Dakota Fanning, Queen Latifah, Jennifer Hudson, Alicia Keys and Sophie Okonedo. Her second novel, *The Mermaid Chair*, was published in 2005, it won the 2005 Quill Award for General Fiction and made into a 2006 Lifetime movie of the same name.
