

City of Niceville Building Department

Permit # \_\_\_\_\_ Date: \_\_\_\_\_

Street Address: \_\_\_\_\_

**Inspection Affidavit – Roof**

I, \_\_\_\_\_, licensed as a(n) Roof Contractor/Engineer/Architect or other approved contractor, or FS 468 Building Inspector.

Company Name \_\_\_\_\_

License# \_\_\_\_\_

I did personally inspect the following roof elements for compliance with the Florida Building Code (Check all that apply):

- \_\_\_\_\_ Section R902 Fire Classification
- \_\_\_\_\_ Section R903 Weather Protection
- \_\_\_\_\_ Section R904 Materials
- \_\_\_\_\_ Section R905 Requirements for Roof Coverings
- \_\_\_\_\_ Section R906 Roof Insulation
- \_\_\_\_\_ Section R907 Rooftop-Mounted Photovoltaic Systems
- \_\_\_\_\_ Section R908 Existing Roof – Roof decking attachment

Based upon that examination I have determined the installation was done according to the Hurricane Mitigation Retrofit Manual (Based on 553.844 F.S.) Note: If house is in the wind-borne debris area and valued at \$300,000 or more, an additional affidavit from a structural contractor, engineer, or architect is required.

Signature \_\_\_\_\_  
(Licensed Contractor signature only – not agent)

STATE OF FLORIDA
