FOR IMMEDIATE RELEASE - Youth Advisory Council of Niceville Wins 2025 Florida League of Cities Youth Council Excellence Award

Niceville, FL - The Youth Advisory Council of Niceville has been awarded the prestigious 2025 Florida League of Cities Youth Council Excellence Award, standing out as one of three recipients. This recognition highlights the council's dedication to community service and engagement.

The council has successfully executed several community projects, notably focusing on supporting veterans at the Bob Hope Enlisted Village. In a heartfelt initiative, council members decorated the doors of 30 residents and sent out holiday cards, fostering a spirit of gratitude and celebrating the contributions of our local veterans.

Under the leadership of former councilman Sal Nodjomian, the Youth Advisory Council has undertaken numerous service-oriented projects and engaged in activities that deepen their understanding of government, including participation in Legislative Action Days in Tallahassee.

"I am extremely proud of this Youth Advisory Council (YAC) cohort and everything they have accomplished," said Sal Nodjomian. "They are part of an impressive lineage of young leaders who have participated in our YAC since its inception over 10 years ago. The Niceville YAC remains the gold standard in the State of Florida, with scores of young leaders leveraging their YAC experiences in their professions today."
